	Yes	I certify that the amalgam separator (or equivalent device) is designed and will be operated and maintained to meet the requirements in \S 441.30 or \S 441.40.		
	Yes	In the event that the device is not functioning properly, it will be repaired or replaced with a unit that meets the requirements of paragraphs 441.30(a)(2)(i) through (iii) as soon as possible, but no later than 10 business days after the malfunction is discovered.		
	Yes	The amalgam retaining unit(s) will be replaced as specified in the manufacturer's operating manual, or when the collecting container has reached the maximum filling level, as specified in the operation manual, at which the device can perform to the specified efficiency, whichever comes first.		
		rty service provider is under contract with this facility to ensure proper operation and maintenance ance with \S 441.30 or \S 441.40.		
	Yes	Name of third-party service provider (e.g. Company Name) that maintains the amalgam separator or equivalent device.		
	No	If none, provide a description of the practices employed by the facility to ensure proper operation and maintenance in accordance with \S 441.30 or \S 441.40.		
Describe practices:				
Sec	tion	D: Best Management Practices (BMP) Certifications		

Section D. Best management Practices (BMP) Certifications

The above named dental discharger is implementing the following BMPs as specified in § 441.30(b) or § 441.40 and will continue to do so.

- Waste amalgam including, but not limited to, dental amalgam from chair-side traps, screens, vacuum pump filters, dental tools, cuspidors, or collection devices, must not be discharged to a publicly owned treatment works (e.g., municipal sewage system)
- Dental unit water lines, chair-side traps, and vacuum lines that discharge amalgam process wastewater to a publicly owned treatment works (e.g., municipal sewage system) must not be cleaned with oxidizing or acidic cleaners, including but not limited to bleach, chlorine, iodine and peroxide that have a pH lower than 6 or greater than 8 (i.e. cleaners that may increase the dissolution of mercury).

Section D (continued): Record Retention Period; per § 441.50(a)(5)

BE ADVISED, as long as a Dental facility subject to this part is in operation, or until ownership is transferred, the Dental facility or an agent or representative of the dental facility must maintain the following records, and make them available

for inspection:

- 1. A copy of this completed One-Time Compliance Report and make it available for inspection in either physical or electronic form.
- 2. Maintenance records, to include dates and names of service providers conducting the maintenance and the results of each inspection of the amalgam separators(s) or equivalent device(s), and a summary of follow-up action, if needed.
- 3. Date of retaining or equivalent container replacement.
- 4. Dates that collected amalgam was picked up or shipped for proper disposal in accordance with 40 CFR 261.5(g)(3), and the name of the permitted or licensed treatment, storage or disposal facility.
- 5. Documentation of any repair or replacement of an amalgam separator or equivalent device, including the date, person making the repair or replacement, and a description of the work performed (including make and model).

Section E: Certification Statement

Per § 441.50(a)(2), the One-Time Compliance Report must be signed and certified by a responsible corporate officer, a general partner or proprietor if the dental facility is a partnership or sole proprietorship, or a duly authorized representative in accordance with the requirements of § 403.12(I).

"I am a responsible corporate officer, a general partner or proprietor (if the facility is a partnership or sole proprietorship), or a duly authorized representative in accordance with the requirements of § 403.12(I) of the above named dental facility, and certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
