

SHAWN MCMAHON

AGE: 50

Occupation: Flight Simulator Instructor/Retired Air Force

Education and Qualifications: Bachelor of Science, Southern Illinois University; City Parks and Recreation Commissioner, Retired USAF Senior Master Sergeant, Department of Defense Contractor, Private Pilot, youth sports coach, a husband, and father.

My 27 years in the United States Air Force has given me the experience and understanding of how the government operates. While serving as a Commissioner on the Vacaville Parks and Recreation Commission, I have worked hard to build strong relationships with our residents, businesses, non-profits, city leaders and staff. I believe that the strongest communities are anchored in the spirit of collaboration. I have the experience, leadership and diplomacy skills needed to connect various segments of our community, to discover shared objectives and to work together towards finding innovative and attainable solutions to improve our great city. I have proven to be accountable, respectful, open-minded, hard-working, and caring.

I am running for City Council because I am passionate about Vacaville and want to ensure it remains the livable community we deserve. I want to help lead our town through these challenging times and watch Vacaville continue to prosper while it grows, now and into the future. Together we are strong, together we are One Vacaville.
