

**STATEMENT OF CANDIDATE FOR
MEMBER OF CITY COUNCIL
VACAVILLE**

JEANETTE WYLIE

Occupation: Retired Travis Unified School teacher

Education and Qualifications: Bachelor's Degree, Education; Graduate degrees, Educational Administration; University of Missouri

Thirty-five successful years teaching have built skills which will enable me to represent South Vacaville as your Council member and advocate.

Besides teaching children, I represented educators as President of our Teachers' Association. During my four terms, I advocated for colleagues, negotiated contracts, investigated district finances, resolved grievances, addressed School Boards, communicated with media, worked with local community members and statewide leaders. Currently, I serve as President of my local church congregation.

Living in District 6 almost thirty years, I understand firsthand how ever-increasing fees, taxes, and traffic, with fewer and fewer services and amenities, impact our homeowners. With today's challenges, City government must be open, transparent, and responsive to all citizens.

Responsible spending must ensure our quality of life by supporting public services and safety. We must work to provide employment opportunities and a healthy climate for small businesses. Housing, traffic, and infrastructure must be compatibly planned, and those plans followed. We deserve communities, not just housing tracts, with local neighborhood schools and safe neighborhood parks for children and families.

Vote Wylie, your voice for South Vacaville.

Together, let's move District 6 and Vacaville forward.
