## HUMAN TRAFFICKING INVESTIGATIONS

POST CERTIFIED/ CCN 2670-21519-21-001 (Plan IV)

August 2-6, 2021 ♦ 0800-1700 hours

Human trafficking is a multi-billion dollar criminal industry and is notoriously underreported. In an attempt to raise awareness and combat this horrendous crime, legislation now mandates officers participate in human trafficking training. This course will focus on the commercial sex trafficking aspect of human trafficking and is meant for sworn law enforcement officers whose primary assignment includes investigating human trafficking, prostitution, pimping and pandering. It will go beyond the basic awareness training and dive deep into the techniques and strategies used to locate and arrest suspects and rescue victims.

Topics will include a victim centered approach to human trafficking investigations, techniques for recovering and processing evidence and the technology used, hands on practical application of undercover communications and the opportunity to hear from a prosecuting Deputy District Attorney. We will also discuss the multi-disciplinary approach to victim recovery and speak with a human trafficking survivor.

By the end of this course, you will be able to successfully investigate and assist in the prosecution of a successful human trafficking case.

# Canine Liability 360

Being consistent, making good decisions and keeping proper documentation will limit your liability and make you a better K9 handler and K9 supervisor.

## Vacaville, California August 24 & 25, 2021

IN COMPLIANCE WITH COVID-19 RECOMMENDATIONS

Hosted by Vacaville Police Department

**Course Description:** "Canine Liability 360" is still rated by its attendees as the most comprehensive liability course being offered to handlers and K9 supervisors since 2010. This two-day (16 hours) class serves as an essential phase (and required by some agencies) for both the K9 handler and K9 supervisor to assist in managing their K9 program and preparing for their potential "legal defense" in the event of a lawsuit by examining the "360 Degrees of Responsibility" involving a single purpose patrol or cross-trained police dog. *(This class is not recommended for detection-only handlers.)* Participants will benefit from the experiences and recommendations of the instructor and others as some recent cases and incidents not found in "case law updates" are reviewed and discussed and the lessons learned shared.

K9 handlers, K9 supervisors, and K9 administrators from the same agency are encouraged to attend together so everyone involved with their respective police dog program can simultaneously learn information and hear recommendations for successfully operating and evaluating their program to better understand each other's duties and responsibilities to reduce their risk and limit their liability. *More information about the class can be viewed at <http://tacticalk9usa.com>*

The course topics will include:

- "Reasons We Get in Trouble"
- Policy & Operational Manuals
- "Case Law and Control"
- Selection and Retention
- Testing and Training
- Report writing
- "The Court of Public Opinion"
- Deployments / Debriefs
- Deposition & Trial Testimony
- Use of Force
- Off-duty care & compensation
- Documentation
