

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE CITY COUNCIL
City of Vacaville, District No. 6**

TAPAC H. CHASTAIN

AGE: 48

Occupation: IT Technician

Education and Qualifications: We face real challenges in District 6 . Housing growth has created crowded roadways that are increasingly dangerous to navigate . Fire and EMS are pushed to the point of suspending much needed services . We have overly crowded schools and still no comprehensive fire evacuation plans in place . Families continue to be overcharged to use ballfields and other facilities that have been paid for several times over without promised improvements completed . Measure M funds are not being used for what they were originally intended for .

I have spent my career , spanning three decades , serving the Vacaville community and have worked within every department of the city . Together we can create a safe place with a bright future to live in , raise our families and have a community we all can be proud of . With a fresh perspective , ideas and solutions that will save you money , vote for Tapac Chastain City Council District 6 this November .

Respectfully, Tapac Heiron Chastain
